Saphire here!
First, let me apologize for taking a long time getting this last chapter done. It was just a busy time, and we're simply laking of staff, like we always do since 5 years ago. This chapter marks the end of the Seigaku vs Kitasenju story arc, and it ended with an introduction to a new character. Wondering who that 'kid' is? The answer, which willl be revealed in the next chapter, might surprise you.
Let's move on to some of the references used in this chapter:
Potnareff is a character from J[illegible]o comic, somewhat looks similar to [illegible] **Fat Dragon** is a performer in an old Hong Kong kung-fu movie, Enter the Fat Dragon, directed by the famous Sammo Hung. **Hideki Irabu** is a Japanese baseball player, and **Hayashiya Sanpei** is a Japanese comedian. Nothing much to know except their face looks similar.
That's about it this time, see you again next release!
